Venus
Touring Series

*Wind-load resistant LED solution
for RENTAL and TOURING application*

VN-390T, VN-480T, VN-690T

Features

Lightweight, Durable
Die-casting aluminum cabinet and carbon fiber touring frame, support safe hanging or stacking installation, which is super lightweight and durable.

Cutting-edge guide-rail Touring Frame
The industry's first guide-rail touring frame, cutting the installation time of large screen to minimum. It is also very stable and can resist wind speeds of up to 20 m/s.

Fast and Easy Maintenance
Modular design, modules and PSU offers both front and rear service access.
Climbing steps are available for quick and easy maintenance on-site.

Platform Design
Different pixel modules can be used on one cabinet frame. The VNT's modules and PSU are also applicable to the VN series cabinet frames, an investment with multiple benefits.

Curveable
7.5° convex to 7.5° concave, 2.5°/unit
3 steps to set-up

Touring cart system
15-in-1 touring cart system.
VNT touring cart fits perfectly into trucks, allowing 2 rows and 2 columns total 210sqm to fit in the 40HQ container.
